MEETING ROOM FIT-OUTS

Meeting rooms, built for your office.

These are CHAPtech's own meeting spaces — a compact huddle room and a full corporate boardroom, designed, cabled, installed and managed end-to-end by our team. It's exactly what we can build for you: we scope the room, supply the gear, run the cabling, configure the platforms and manage it after handover.

MEETING SPACE 01

The Huddle Room

4–6 SEATS

A compact video room we can install in almost any small space — Teams & Zoom ready, up and running in a day.

- ✓ **One-tap join** — native Teams & Zoom, or BYO laptop
- ✓ **Dual 48MP 4K camera** auto-frames the whole room
- ✓ **8-mic array**, 6 m pickup with AI noise cancellation

KIT **Yealink MeetingBar A40 · Yealink MeetingBoard display**

MEETING SPACE 02

The Boardroom

UP TO 24 SEATS

A full pro-AV boardroom designed around your space — dual displays, ceiling audio, acoustics and seating.

- ✓ **Dual 4K PTZ cameras** + presenter tracking, auto layouts
- ✓ **Twin 65" interactive touchscreens** — 4K, 50-point touch
- ✓ **Ceiling audio**, acoustically treated, leather seating

KIT **Yealink S90 · dual 65" CommBox S5 · ceiling AV**

Let's build yours.

Talk to CHAPtech about designing and installing a meeting space in your office — from a single huddle room to a full boardroom fit-out, scoped, supplied, installed and managed by us.

WHAT WE INSTALL

The platforms we install.

The AV we design around and deploy — enterprise-grade Yealink conferencing and CommBox interactive displays, standardised on Microsoft Teams and Zoom, and managed by CHAPtech after handover.
